Notes by W9WI

The 1998 Tennessee QSO Party was a resounding success, with a record number of entries submitted and excellent scores in all categories. Competition was amazingly close in the single-op category; only 9 CW QSOs or two multipliers separated K4LTA and W4PA in 1st and 2nd place. The race for 2nd place was even tighter; 2 CW QSOs or one multiplier would have had NA4K in 2nd. K0EJ was within striking distance too. The other categories weren't nearly as close, but there were many contacts and a lot of fun had by all.

The scores [above]; checkmarks indicate certificate winners. (If you note that the math doesn't work out, it's because the K4TCG bonus points were added.)
